-  **Boston Ave. Shuttle Stop & Route**
-  **Residence Hall with Eco-Rep:** go.tufts.edu/ecoreps
-  **Residence with GreECO Rep:** go.tufts.edu/ecoreps

Sustainability at Tufts

Tufts plays a crucial role in helping the world adapt to a changing planet while tackling such challenging issues as climate change and resource depletion. Our goal is to be responsible stewards of the physical environment by cultivating knowledge of sustainable issues and solutions across disciplines in our students, staff, and faculty.

Get Involved

Sustainability at Tufts is a collective effort spanning departments, offices, and our campuses in Medford/Somerville, Boston, and Grafton. If you're interested in learning more about campus sustainability, please contact the Tufts Office of Sustainability to be put in touch with the right people.

The Tufts Office of Sustainability, located in the basement of Miller Hall, is a resource, catalyst, and advocate for sustainability at Tufts. Do not hesitate to stop by, whether you're interested in general campus sustainability, a research project, or just want to say hello.

The office is wheelchair accessible. Please reach out with questions and/or to schedule a visit.
