What?

- Goals
- ABC TMA
- Programs & Services
Goal: Reduce GHG Emissions

In 2009, MA had 11% less GHG emissions than in 1990.

- Boston’s Climate Action Plan
  Reduce GHG emissions (based on 1990 levels) by **25% by 2020** and **80% by 2050**.

- Nearly 1/3 of Boston's 2020 GHG reduction goal will come from the transportation sector.
Transportation Issues

- Congestion
- Underserved Areas
- City/State Regulatory Compliance
Regulatory Compliance

- DEP Rideshare Regulation
  - Facilities over 1,000 employees
  - Annual reporting
  - Bi-annual surveying

- Boston Transportation Access Agreement Plan
  - Requires transportation demand management measures
  - TMA membership, bike racks, guaranteed ride home, etc
What is ABC TMA?

- ABC = A Better City
- TMA = Transportation Management Association
- Buildings, employers, hotels, property managers
- 35 members, ~80,000 employees
- 1 of 11 TMAs in MA (geographically based)
ABC TMA’s Mission

To maintain the economic viability of the neighborhoods we serve by reducing traffic congestion and improving air quality through the creation of services and materials which promote transportation options other than the single occupancy vehicle.
