

Employee Commuting Benefit Programs

Tufts is a member of A Better City Transportation Management Association (ABC TMA), which provides incentives and programs encouraging commuters to take public transit, carpool, vanpool, bike and/or walk to work. For more information or to sign up for any ABC TMA programs, visit <http://www.abctma.com/commuters/>. Employees on the Boston campus are eligible to participate in the following programs:

Guaranteed Ride Home - Receive up to six free rides home a year in case of emergency, unscheduled overtime, or illness if you use public transit, car/vanpool, bike, or walk to work at least twice a week. Guaranteed rides home are provided in PlanetTran taxis (the nation's first public livery service to exclusively use hybrid vehicles).

Express Yourself - If you currently drive alone to work, ABC TMA will provide you with three months of FREE transit on any MBTA express bus, commuter boat, or private bus carrier (Note: this offer does not apply to regular bus or subway services).

Carpool Subsidy - If you've been driving alone to work and begin commuting with at least one other person, ABC TMA will pay you \$35 per month for gas, for a total of six months. See "Ride-Matching" to find a ride share partner(s).

Vanpool Subsidy - When you join a vanpool, you can receive a subsidy from ABC TMA of \$220 over six months.

Workout to Work - For ABC TMA's active commuting program, people who incorporate walking or biking into their commute (even if it's just to the local transit stop) can submit their miles each month for a chance to win great raffle prizes, like workout gear and gift certificates to local bike shops and outdoor stores.

Ride Matching - A free, secure, and easy to use online ride-matching system is available through www.NuRide.com. It matches people based on travel route as well as similar working hours and compatible carpooling preferences.

MBTA Discounts

Faculty & Staff

Boston employees receive a 25% discount on bus, train, or commuter rail MBTA passes (up to \$40 per month). Save cash by using pre-tax money to buy your train, bus, and subway tickets and/or your vanpool or commuter parking. All it takes is a quick online or phone order to get a pass or debit card delivered to your home every month. For more details, see hr.tufts.edu and click 'Commuter Benefit Program' under 'Benefits.'

Students

Boston-based Health Science School students (Medical, Dental, and Nutrition Schools and Public Health Professional Degree programs) are eligible to purchase an MBTA semester or monthly pass at a 25% discount over regular "T" prices. Each student is entitled to one pass only, and a Tufts ID must be presented to pick up your pass. Unless there is a pre-approved exceptional situation, students must pick up their own passes. For more details and the reimbursement period schedule, visit <http://finance.tufts.edu/bursar/?pid=10> or call the Bursar's office at 617-626-6551 (ext. 66551).

Looking for a ride? RideScout is a new app that brings all forms of transportation together in one view, so you can see if biking, walking, the T, or a taxi is the best option for you.
