

Summary of Tufts Green Fund Composting Project

June – August 2018 Report

People Involved:

- Michelle Lee Bravatti, Program Manager
- Sandra Aronson, Program Manager Assistant
- Emily Wright, Student Volunteer

Mission: The mission of the Tufts Boston Composting student organization is to encourage and facilitate the diversion of food scraps from landfill by providing easy access to compost bins in the Health Sciences Campus.

Accomplishments:

- Program assistant recruited to further develop and run the composting program in the summer and fall
- Composting locations added to the [Tufts Eco Map](#)
- Advertisement created on library monitors (see below).
- Introduced students to composting on the Boston campus through including material from weekly e-newsletters.
- Expanded composting efforts permanently to Jaharis Second Floor so composting bins are available in the Student Lounge on the second floor, the staff kitchen, and the Faculty and Staff Lounge.
- [Facebook](#) and [Instagram](#) (@tuftsbostoncomposts) created.

TUFTS COMPOSTS!

NO MEAT OR DAIRY

TURN YOUR KITCHEN SPOILS INTO SOIL!

YOU CAN DIVERT TONS OF FOOD SCRAPS
FROM LANDFILL AND WE CAN'T DO IT
WITHOUT YOU!
