

## The Project:

- Students opt-in to the program and pay a \$4 deposit for a keychain clip.
- The student will turn in their clip for a to-go box with their meal.
- When finished, they can turn the box back in for their clip.
- If a keychain clip or box is lost, the student must repay the fee. Damaged items will be replaced using these fees.
- Containers will be returned for cleaning and reuse, as they are food safe and eventually recyclable.

# ELM'S CAFÉ MEAL TAKE OUT PROGRAM

## Tufts Meal Plan Takeout

Supplies:	Cost:
100 customized P2Go Containers	\$426.50
150 customized Keychains	\$193.50
<b>Total</b>	<b>\$620</b>

## The Impact:

- Currently, Elm's uses plastic wrap or boxes coated with plastic that can not be composted or recycled.
- About 100 people visit Elm's on a daily basis.
- This program can drastically cut down on waste on the Grafton campus and raise more awareness for sustainability.
