

SHOPPING SUSTAINABLY

PURCHASE AND DISPOSE OF ITEMS WITH THE ENVIRONMENT IN MIND

BUY USED

Buying used clothing, furniture, and books is the more sustainable and affordable shopping option. There are several thrift stores near Tufts.

USE FREECYCLE

Freecycle allows people to offer up unwanted items for free for others to pick up. Join the [Tufts freecycle elist](#) to get involved!

JOIN TUFTS BUY/TRADE/SELL

Tufts Buy/Trade/Sell is a Facebook page exclusively for Tufts students who want to exchange items with other students. You can find anything from furniture to clothing to concert tickets on this page!

RECYCLE UNWANTED TEXTILES

The Somerville/Medford campus has four textile donation locations where you can drop off used clothes at any time. View the locations on our [Eco Map](#)!

DONATE TO MOVE OUT

Instead of throwing out clothes, furniture, or appliances that you no longer want at the end of the year, donate them to Move Out.

BE A CONSCIENTIOUS CONSUMER

While shopping, remember to ask yourself, "Do I really need this?". Taking just one second to pause and think about your purchase may help you save some money.
