Sustainability at Tufts

Tufts plays a crucial role in helping the world adapt to a changing planet while tackling such challenging issues as climate change and resource depletion. Our goal is to be responsible stewards of the physical environment by cultivating knowledge of sustainable issues and solutions across disciplines in our students, staff, and faculty.

Get Involved

Sustainability at Tufts is a collective effort spanning departments, offices, and our campuses in Medford/Somerville, Boston, and Grafton. If you're interested in learning more about campus sustainability, please contact the Tufts Office of Sustainability to be put in touch with the right people. Do not hesitate to stop by the office, whether you're interested in general campus sustainability, a research project, or just want to say hello.

Learn more at sustainability.tufts.edu

We encourage you to learn how to reduce, reuse and recycle at Tufts. Please visit go.tufts.edu/recycle
